

Electrical Savings Option

New North Aurora Residents

The Village has coordinated for lower electricity supply rates for North Aurora residents versus the current rates charged by ComEd.

ComEd's current power rates are 7.73¢/kWh. The Village has entered into an agreement with Integrus Energy for North Aurora residents at a rate of 5.75¢/kWh. This is a savings of 25% off the current rate. ComEd's rates change annually in May. The average enrolled resident will save \$175/year. These lower rates are in effect until October, 2013.

Small businesses are also currently eligible for the discounted rates of 5.80¢/kWh.

As a new resident, you have the option of remaining on ComEd's current rates, selecting an alternate supplier on your own or joining North Aurora's lower rates described above.

If you decide to join the North Aurora aggregation with the above Integrus rates, please note that you will receive one bill from ComEd, which will include your Integrus energy costs and the ComEd delivery fees. Should you have any power outages, ComEd will service your account.

There are no fees to enroll. However, there is a \$25 termination fee, should you choose to leave Integrus prior to October 2013.

To enroll:

1. Call ComEd to establish service.
2. Once you have a ComEd account number, call 888-302-5075 or go to www.integrusenergy.com/northaurora.

Will this program affect the reliability of ComEd service?

No. The North Aurora program will have no impact upon the reliability of service you receive from ComEd.

If I heat my home with electricity, should I join the North Aurora aggregation with Integrus?

No. ComEd provides a subsidized rate for homes and businesses with electric heat. This rate is currently lower than the North Aurora rate. For more information on electric heat, visit: www.pluginillinois.org, and click on "Utility Space Heating Rate".

Who should I call if I have further questions?

If you have further questions about the North Aurora aggregation process please call the North Aurora Finance Department at (630) 897-8228.
